Our 10,000 Sq.Ft. location is located on more than four acres and is equipped with dining rooms and amenities to accommodate groups as small as eight and as large as 50! We're just outside Antigonish on Highway 104. Just pull in and spend the afternoon at Snow Queen Leisure World. Garrett Juurlink, new owner of Snow Queen Leisure World in the Lower South Antigonish County, very excited to be able to keep it open, and keep it a great place where people from all over Nova Scotia can make fond memories. The theme park, which began as a simple ice cream parte, officially opened on July 20, delighting many locals with its largely entertaining food All weekend, there was a lot of excitement. A lot of people came to me with smiles on their faces, Juurlink said. That helped justify my decision, for sure. Although he knew about the business being sold well before he made the decision to buy it, Juurlink said, I didn't take any action for a while. But the more I think about it, the more I think it will go well with my current business. I grew up in St Andrews so, for sure, it was part of my childhood, Juurlink said. As children, we used to go there in the summer, and we made a few trips to Snow Queen when relatives came home from afar - that's a point of happening. The response from the public to Juurlink's purchase of Snow Queen Leisure World has been overwhelmingly positive. On opening day, he noted that he had lost track of those who expressed their gratitude that he was keeping it going. I was a little surprised by how positive the reaction was. It made me realize that it was a landmark in Antigonish. Similar to Wheel Pizza and Sub Shop or places like that, Juurlink said. Don MacPherson, former owner of Snow Queen Leisure World, was enthusiastic about Juurlink's acquisition of the business. I was starting to have the thought that if I didn't sell it, I'd just start selling things off, MacPherson said. Even if you don't do something, you still pay taxes, and insurance - it costs money. Another emotion MacPherson said he felt as a result of the sale was relief, noting, I'm basically retired now. I went over the weekend for the first time in what must have been 45 years. I don't have to worry about the device breaking down, or the staff appearing. It's really good to know someone else is trying to make a go with it, and keep it just like it was. Asked if reopening the entertainment world would help bring traffic to businesses along the old Hwy 104, now that new highways are in place, Juurlink said, from my perspective, it will definitely help. Juurlink said the more activity there is in the lower South River area the better. That's not my goal, but for me, shine factory is a target business rather than a drop-in business. People don't see it as drive's and drop in; they searched for services and found us, Juurlink said. It's a bit of a different business than Snow Queen, it's very much a place where people will turn while driving, see a crowd, watch go-karts and say, 'we should turn in.' MacPherson says he thinks it's a good idea to come up with new ways to get people into the area, but maintains that Snow Queen Leisure World has a niche as a place to stop for fun because either you're going to Halifax or Sydney, if not, if you want to go for a go-kart ride. The ice cream you can get elsewhere is not the same. No one else sells soft ice cream like you can go there. Juurlink plans to move its other business - Shine Factory - from its location on the Post Office Line, to the same property where Snow Snow Leisure World is located at this location. He plans to do it next winter. In addition to moving its business to the area, Juurlink is also planning to lease a building on the property to another business. More business generates more traffic, and that's good for everyone. Snow Queen Leisure World has been in the MacPherson family for some time. MacPherson said his mother Marie MacPherson owned the business before him. She bought Snow Queen when it was still just a small milk bar in the Lower South River, from Drs Carmen MacIntosh and John MacKinnon. After MacPherson bought the business from his mother, an expansion took place under his watch. This expansion leads to snow queen leisure world that we know today, with a larger building, trips, a video game, mini-golf, bumper boats, bumper cars, go-karts - among many other features. After a few days on the road, we found Snow Queen to be a charming respite from typical dining options. The menu is quite standard (burgers, burgers, etc.), but they serve the best club sandwiches I've had in the same time. This is Snow Queen Leisure World In Lower South River and not to be confused with the Snow Queen family restaurant on James Street that I won't get into. Hello. We had the pleasure of stopping by Snow Queen Leisure World for burgers and a hot chicken sandwich. Burgers are cooked to perfection. Hot chicken has the best moist chicken, delicious sauce flavor, hot pipes with excellent French... Fries. Keep that good food coming and all the best!
